There will be a significant number of law enforcement, fire department, and emergency medical service vehicles and personnel present at the school campus during the exercise.

To avoid any confusion or alarm to the public, we are releasing this information in advance through local media partners, social media accounts, and email notification to parents and students through the school's notification system.

The exercise is closed to the public. Roadways in the area will remain open to traffic, however access to the school campus will be restricted during the training exercise.

The training exercise will focus on multi-agency response to a mass casualty incident.
